Project Team Info

Our team name is CodeChefs. We recognize that this project is a learning process, and we are all committed to putting in the time and effort required to succeed. We are proactive in seeking out resources and are flexible in adjusting our plans as we learn more about the requirements and technologies involved. We'll try our best to keep our tasks and deadlines clear.

Our team agreements are the following:

- Method of communication: on phone specifically on Whatsapp.
- Response times: mostly in the evening, range between 6PM – 9PM.
- Division of work: tasks are assigned to the team depending on what each member is skilled at or in what track he is. The one who decides what each member should do is mostly our team leader, Hend Ahmed.
- Submitting assignments: our team leader submits everything on time. and most of the members review the work before being submitted.
